Briljent, LLC Awarded SeaPort-e Contract for the United States Navy

Fort Wayne, Indiana - July 22, 2010 – Briljent, LLC is pleased to announce that it has been awarded a contract under the SeaPort Enhanced (SeaPort-e) Multiple Award Contract (MAC).

The SeaPort-e contract is an indefinite delivery, indefinite quantity (IDIQ) vehicle established to facilitate a Navy-wide electronic procurement process that leverages buying power, improves business intelligence, and reduces purchasing time. SeaPort-e has a three-year base period with possible extensions for seven additional years. Across the entire United States there are only 2,231 SeaPort-e contractors. The government anticipates procuring a maximum of \$5.3 Billion in services per year using the SeaPort-e vehicle.

SeaPort-e supports all commands within the Naval Enterprise including the Naval Sea Systems Command, Naval Air Systems Command, Space and Naval Warfare Systems Command, Naval Supply Systems Command, Military Sealift Command, Naval Facilities Command, Strategic Systems Programs, the United States Marine Corps, as well as other Department of Defense agencies.

Briljent developed a team of highly skilled and experienced companies with a proven record of providing government customers efficient, effective, and cost-appropriate solutions. The U.S. Navy's SeaPort-e Program selected Briljent's team based on their long history and significant credentials successfully supporting government customers. More information will soon be available through Briljent's web site at www.briljent.com.
